

MODEL CONFERENCE OF PARTIES 5 **ACTION PLAN**

School Name: Amity International School, Mohali, Sector 79

**MCOP5 Target 6 : RECYCLING PROGRAM IN PARTNERSHIP WITH INSTITUTIONS,
RWAs AND LOCAL RECYCLERS.**

Actions	How?	Who?	When?	How will progress be measured?
1. Conduct a baseline assessment of current waste management practices and single-use plastic usage.	<p>Understanding the preferences on how to dispose of household waste and single use plastics.</p>	<p>Connecting with the local residents, Local Recyclers, Resident welfare associations, etc.</p> <p>School Interact Team and related council members</p>	<p>10 August, 2024 - 1 September, 2024</p>	<p>Evaluate the awareness of the campaign being led by us through various methods such as surveys</p>
2. Develop educational materials (posters, pamphlets, social media content) about waste segregation, recycling, and the environmental impact of single-use plastics.	<p>Use online and physical resources and platforms to create visually attracting awareness posters, pamphlets etc.</p> <p>Information collected from the previous action can also be used to create more effective and informative materials</p>	<p>With local designers and team mates, who have an interest and eye for design that captures attention</p>	<p>1 September, 2024 - 20 September, 2024</p>	<p>Develop ideas and analyse how they perform/ bring in engagement over time, and adapt them according to modern social media trends and conditions.</p>

3. Launch a city-wide cleanup drive and waste collection campaign.	Collaborating with the above mentioned Resident welfare associations and recyclers to encourage people to donate their plastic bottles and other single use plastic items .	Collaborating with Resident welfare associations of societies throughout Mohali and other small scale recyclers. School Interact Team and related council members	20 September, 2024 - 1 October, 2024	Amount of plastic generated and the number of people who took part.
4. Organise DIY workshops to teach people how to recycle plastics at home	Reach out to local societies and RWA's to organise workshops for locals to learn easy reusing methods for plastic Bring in some of the plastic that was collected in the city-wide cleanup drive to use.	Local RWA's, team mates, School Interact Team and related council members	1 October, 2024 - 1 November, 2024	<ol style="list-style-type: none"> 1. Collect feedback from residents, businesses, and stakeholders on the effectiveness of the campaign. 2. Evaluate progress towards reducing single-use plastics and improving waste management metrics. 3. Expand the campaign to cover more areas and sustain momentum through continued education

				and community engagement.
5. Main proposition	Design eco bricks using plastic bottles and other sole use plastics	Animal shelters Fencing Garden Structures School Interact Team and related council members	20 August, 2024 - 1 November, 2024	By monitoring the number of people who actually produce eco bricks at home and use them to build utility items.
